Ready to feel the hair stand up on your neck?

Travel with us to haunted areas of Niagara Falls, Buffalo, and Western New York. You never know who-or-what you may see.

Day 1: Tour the **Dunkirk Lighthouse and Military Museum**. The Dunkirk Lighthouse is an active lighthouse along the Seaway Trail. You'll hear stories of doors opening and closing. When the staff plays the "victrola" the ghost will turn the music off and so much more.

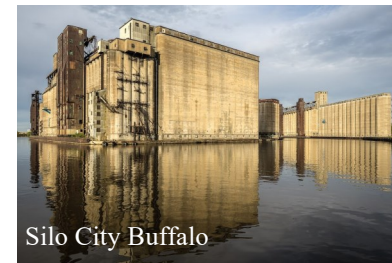

Red Coach Inn, Niagara Falls, NY, for dinner and a presentation by **Ghost Buster Brad!** This evening's dinner is in a quaint and haunted hotel and restaurant. Situated near the raging rapids, it will provide you with an even scarier scenario for tonight's dinner and ghost busting with Ghost Buster Brad. He will have his equipment all set to find a ghost. There are two ghosts, a bride and groom, who took their lives on their wedding day. Afraid of the dark? Maybe if the lights are turned off, they will join the wedding feast prepared for your dinner.

After dinner, walk to the viewing point for the **night illumination of the Falls**. Hotel for three nights in Niagara Falls, NY. (D)

Day 2: Visit **The Seymour Place**. With spooky sights, smells, and sounds, the building is home to different spirits. Will you hear the Tall Man clearing his throat? Will you feel the energy of the little girl that occupies that building?

Travel to **Marjim Manor's Appleton Hall**. Appleton Hall's ghost experiences always happen on a Thursday at 3:00 pm. Will they appear for us and let us know that they are there? **Story Teller "Margo"** will guide us through the haunting tale of the ghosts and their life at Appleton Hall. Our afternoon going into the evening will take us on a **ghost hunt, exploring the "basement"**, wine tasting, and a sumptuous dinner at Marjim Manor. (B,D)

Day 3: Depart this morning for a **"Haunted Silo Tour"**. You'll join your ghostly costumed host for a "spirited" tour inside an **abandoned grain silo on the Buffalo waterfront**. During the 60-minute tour you will hear stories of the murder, mayhem, and true crime that have shocked the area over the last 300 years! Highlights include a Ouija Board love triangle homicide, how a drunk Irishman helped invent the electric chair, and why a Western New Yorker is considered to be a Jack the Ripper suspect!

Power Authority visit. Your self-guided tour will take you through the realm of the harnessing of electricity from the Niagara River. Learn about the water intakes that traverses across town, and the water poured into a reservoir for the following day's use to make electricity.

Enroute to the Maid of the Mist, you will enjoy a **driving tour of other haunted places in Niagara Falls**.

Maid of the Mist Boat Ride located in Niagara Falls State Park. This boat journey to the brink of the Falls is more than 150 years old. Your journey begins at the **Observation Tower** where you will be given a souvenir poncho as you board the double decker boat tour. You will journey near the massive rock formations and experience the thunder of the "Falls". (B)

Day 4: Visit the **Herschell Carrousel Factory**. The factory produced over 3,000 hand carved wooden carousels in the early 1900's. Ride two carousels, listen to Wurlitzers, and become a child again!

Platter Chocolate Factory. In 1938, Carl Platter decided to do what friends and family said he did best, make chocolate. Not just any chocolate however, but the chocolate North Tonawanda has come to know and love "Orange Chocolate." You will tour the factory, and of course, enjoy some tastings before heading for home.
